Method

1. Add HairFix Powder to the essence water and stir until fully dissolved 2. Add each ingredient one at a time, stirring well after each addition 3. Prepare a 1% Violet 2 solution (color/distilled water) and then add drop wise to phase A until desired color is achieved 4. Package into foamer bottle. Color is optional but may give a nice appearance.

Properties

Simple styling mousse using our HairFix Powder for hold and the lavender essence water as a natural humectant. It carries a light therapeutic lavender smell. Foamer bottles are necessary to produce the foam.
