Phase C					
Fragrance	Fragrance	Fragrance	0.10	0.05	0.00
Vitamin E Tocopherol	DL-alpha tocopherol	Anti-oxidant	0.10	0.05	0.00

Procedure

1. Mix Phase A and heat to 80C.
2. Add arrow root and zinc under good blending. Pre-mix charcoal powder with glycerin until smooth, then add to the beaker and blend well.
3. Remove from the heat. Add phase C to the beaker and blend well.
4. Pour into deodorant tubes while still liquid and pourable.

Properties

Almond & Coconut based deodorant containing zinc ricinoleate that traps and absorbs odor molecules formed during bacterial decomposition of perspiration. Glides on well leaving a light emollient feel. Charcoal powder is optional.
