Helichrysum Extract	Helichrysum Stoechas (everlasting) flower extract	Anti-oxidant	2.00	0.07

Procedure

Phase A: Add to a disinfected glass beaker and blend.

Phase B: Add to another disinfected glass beaker and blend until uniform.

Add phase A very slowly and under constant stirring to phase B, until thick and the texture is smooth.

Phase C: Add one by one, under good blending.

Package in airless dispensers for freshness.

Properties

Light cream-gel that can be used all over the face, or just for the eye area. It strengthens skin, has tightening effects and may provide photo protection from the various phenol compounds. Potent antioxidant properties due to green tea and coenzyme q10, helps in reducing the appearance of aged skin and wrinkles.
