

## 1152 - Rejuvenating & Detox Mineral Mask

Weight: 100.00g

| Ingredient                         | INCI  | Function     | Percent | Wgt (g) | Wgt (oz) |
|------------------------------------|---|--------------|---------|---------|----------|
| <b>Phase A</b>                     |   |              |         |         |          |
| Distilled Water                    | aqua  | Diluent      | 76.50   | 76.50   | 2.70     |
| ICE Alginate                       | sunflower wax, sodium alginate, caprylic/capric triglyceride                  | Thickener    | 6.00    | 6.00    | 0.21     |
| <b>Phase B</b>                     |   |              |         |         |          |
| Glycerin, USP                      | glycerin  | Humectant    | 4.00    | 4.00    | 0.14     |
| Kaolin Clay, Rosa                  | kaolin  | Texturizer   | 4.00    | 4.00    | 0.14     |
| Colloidal Oatmeal, USP             | avena sativa (oat) kernel flour   | Texturizer   | 2.00    | 2.00    | 0.07     |
| Vitamin E (dl-alpha tocopherol)    | dl-alpha tocopherol   | Vitamin      | 0.50    | 0.50    | 0.02     |
| Baobab Oil, USDA Certified Organic | organic adansonia digitata (baobab) oil                                       | Emollient    | 2.00    | 2.00    | 0.07     |
| Licorice Extract                   | glycerin, water, glycyrrhiza glabra (licorice) extract                        | Botanical    | 2.00    | 2.00    | 0.07     |
| Laureth-3                          | laureth-3   | Emulsifier   | 1.50    | 1.50    | 0.05     |
| <b>Phase C</b>                     |   |              |         |         |          |
| Provitamin B5 (d-panthenol)        | d-panthenol, water  | Vitamin      | 0.50    | 0.50    | 0.02     |
| Citrus Combo                       | glycerin, citric acid, lactic acid, l-ascorbic acid, didecyldimonium chloride | Preservative | 1.00    | 1.00    | 0.04     |

### Procedure

No heating required. Combine phase A ingredients (1-2), mix well until the ice alginate is dissolved (use a stick blender or homogenizer for best results). Add phase B ingredients in order, mix well after each ingredient. Add phase C to phase A/B and mix again with a stick blender or homogenizer for a smooth consistency. pH ~5.5-6.

### Properties

Apply a semi-thick layer to clean, damp skin, let absorb for 5-15 min before rinsing off using warm water.
