Method

Add phase A into a disinfected glass jar and mix well to dissolve the gum. Add phase B to phase A while stirring gently. Add phase C to phase A/B and stir again. Fill the cleansing liquid into a pump foamer bottle.

Properties

Mild skin cleanser for daily use with witch hazel water that acts as an astringent, provitamin B5 as a soothing and the cationic guar gum as a conditioning ingredient. The special foamer bottle provides a creamy and stable foam (although the foam can not be compared with the one from aerosols)
