Citrus Combo (glycerin, citric acid, lactic acid, L-ascorbic acid, didecylmonium chloride)	Antimicrobial	1.00	1.00	0.04	0.20
Fragrance Vanilla Grapefruit	Perfume	0.20	0.20	0.01	0.04

#### Method

Not heating required. Pre-mix phase A ingredients. Add phase B to phase A, one at the time under gentle agitation. Test pH and adjust to pH 4.5 with TEA or a solution of sodium hydroxide. Fill into Foma bottles. The Foma pump device will produce a light foam. May need to be shaken before use.

#### Properties

Mild exfoliating facial wash, with the new pre-dissolved salicylic acid solution. Mild and non-drying, it cleanses the skin gently and moisturizes as well.
