Method

Combine phase A in a heat-resistant beaker, and heat gently with plenty of stirring to hydrate the silicate. Remove from heat and allow to cool. Add phase B ingredients and stir well. Add phase C ingredients, gently stirring after each addition to avoid foam.

Properties

Natural Clay treatment that provides a high concentration of moisturizing aloe vera combined with silk protein for protection. Rhodiola Hair Active provides strength and anti-fizz and is defining strands. Gives some hold and has a matte finish.
