Lavender Essential Oil	Fragrance	Fragrance	0.20	0.20	0.01

Procedure

Phase A: Pre-mix HerbaMaker™HYDRO with Glycerin. Dissolve arginine in water. Add Glycerin and HerbaMaker™HYDRO blend gradually to the water phase and blend well, using a propeller stirrer at 500rpm. Heat to 75C.

Phase B: Add ingredients into a separate vessel, and heat to 75C.

Add phase A to phase B under good agitation (propeller mixer at 500rpm). Cool to 40C.

Homogenize for a short time.

Phase C: Add ingredients one by one, and blend well after each ingredient.

Properties

Hand lotion with sheabutter & a natural ester blend, that gives hands moisture without feeling greasy. Contains Arginine for added moisture and barrier function. HerbaMaker™ Sunflower SHT enhances DNA repair, improving mitochondrial function, and increasing collagen density in the skin.
