

Loose Eye Shadow

(Sample Recipe for Interference Mica)

Loose Eye Shadow with Interference Mica

Phase A	Weight %	For 3 g / 0.1 oz
Mica Interference Violet, Copper or Green (colorant)	60 %	1.8 g / $\frac{3}{4}$ tsp
Mica Spheres (texturizer)	35 %	1 g / $\frac{1}{2}$ tsp
Magnesium Stearate (adherent/texturizer)	5 %	0.15 g / 1/16 tsp

Method

Add all ingredients into a mixing vessel and stir gentle with a spoon/spatula do not use mortar and pestle. Test the shade if too intense dilute with mica spheres if too colorless add more interference mica. Use our Rica-1 or Rica-6 jar with sifter for storing the eye shadow.

Properties

Eye shadow using the new interference mica for a special and stunning effect.
