5 FIRE-FIGHTING MEASURES

Suitable (and unsuitable) extinguishing media:	Product is not flammable. Use appropriate media (Dry chemical, CO ₂ , foam, halon, water spray (fog)) for adjacent fire. Do not use a solid water stream as it may scatter and spread fire.
Special protective equipment & precautions for firefighters:	Wear self-contained, approved breathing apparatus and full protective clothing, including eye protection and boots.
Specific hazards arising from the chemical:	Thermal decomposition can lead to the release of irritating gases and vapors such as carbon monoxide/dioxide. See also Stability and Reactivity section.

6 ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment & emergency procedures:	Ensure adequate ventilation. See section 8 for recommendations on the use of personal protective equipment.
Environmental precautions:	Place in approved waste containers and dispose of in accordance with all local and federal rules and regulations.
Methods and material for containment and cleaning up:	Prevent further leakage or spillage if safe to do so. Cover liquid spill with sand, earth or other noncombustible absorbent material. Cover powder spill with plastic sheet or tarp to minimize spreading. Sweep up and shovel into suitable containers for disposal.

7 HANDLING & STORAGE

Precautions for safe handling:	Ensure adequate ventilation. Handle in accordance with good industrial hygiene and safety practice. See section 8 for recommendations on the use of personal protective equipment. Keep container closed when not in use.
