

## Signature Matte Liquid Lipstick Base

### Specification Sheet

**Description:** Ready-to-use lipstick base. Gives a matte & quite water proof finish. This LMLB goes on as a thin layer, and is quite water proof, it dries to a very matte finish. It also contains titanium dioxide that give a bit more coverage and works better for achieving pastel shades. Customize by adding colorants, preferable d&c reds in liquid form and micas. 100% vegan.

**Ingredients:** Isododecane (and) disteardimonium hectorite (and) propylene carbonate, isododecane (and) polymethylsilsesquioxane / trimethylsiloxysilicate, isododecane, synthetic wax, titanium dioxide (and) octyldodecanol, silica, tapioca starch (and) polymethylsilsesquioxane (and) water, kaolin, trihydroxystearin

**Appearance:** Off-white liquid paste, faint odor

#### Benefits:

- Goes on as a thin layer, and is quite water proof
- Dries to a very matte finish
- Contains titanium dioxide which gives more coverage and works better for achieving pastel shades
- Customize by adding colorants, preferable D&C reds in liquid form and micas
- 100% vegan.

**Use:** Mix with our liquid red colorants, add colored mica for variation, blend well & transfer to vials using a syringe. Product is NOT suitable for use with a lipstick mold. Usage level: around 90-98%. Off-white liquid paste, faint odor. External use only. Application: Liquid lipsticks. 3.5oz/100g of the base gives about 17-22 lipstick vials.

**Applications:** Liquid Lipsticks.

**Storage:** Store in a closed container at a dry place at room temperature

**Country of Origin:** USA

**Animal Testing:** Not animal tested

**Vegan:** Does not contain animal-derived components

**HS Code:** 3304100000
