

Black Tea Extract

Specification Sheet

Description: Organic Black tea extract dissolved in water and an organic rice solution. Preserved with Leuconostoc Ferment Filtrate.

CAS: 68553-81-1, 7732-18-5, 84650-60-2, 68333-16-4

INCI Name: Oryza Sativa (Rice) Extract, Water, Camellia Sinensis Leaf Extract

Composition: Oryza Sativa (Rice) Extract, Water, Camellia Sinensis Leaf Extract, Leuconostoc Ferment Filtrate, Superoxide Dismutase, Soybean Peroxidase

Appearance: Clear to hazy yellow to amber liquid, characteristic odor

Benefits:

- Contains a high amount of antioxidants that help defend the skin from UV damage and environmental pollutants
- The high content of caffeine helps tightening and toning the skin and reduces puffiness and dark circles
- Very valuable ingredient in anti-aging formulas

Use: Add to formulas to the water phase. Typical use level 5 - 10%. For external use only.

Applications: Anti-aging & anti-wrinkle serums, creams & lotions, sun- and after-sun care, sunscreens, night creams.

Solubility: Water-soluble

Preservation: Leuconostoc ferment filtrate

Storage: Keep container tightly closed. Store in a dry place between 73°F-77°F (23-25°C) for maximum shelf life.

Country of Origin: USA

Raw material source: Camellia Sinensis (black tea) plant, Oryza Sativa (Rice) seeds

Manufacture: Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown, pesticide-free materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in a rice solution and water.

Animal Testing: Not animal tested

GMO: GMO-free

Vegan: Does not contain animal-derived components

HS Code: 2936210000
