

## White Tea Extract

### Specification Sheet

**Description:** White tea also known as Yinzhen is produced predominately in Asia; it is picked just few days in spring when the white buds are young, withered and dried in natural sunlight and minimal processed to maintain its high concentration of polyphenols. Contains 20% extract dissolved in water and glycerin.

**CAS:** 56-81-5, 7732-18-5, 84650-60-2

**INCI Name:** Glycerin, Water, Camellia Sinensis Leaf Extract

**Composition:** Glycerin, Water, Camellia Sinensis Leaf Extract, Phenoxyethanol

**Appearance:** Medium to dark amber liquid, characteristic odor.

**Benefits:**

- Has a high concentration of polyphenols
- Has good antioxidant, anti-aging, and skin-soothing properties.

**Use:** Add to formulas to the water phase. Typical use level: 3 - 5%. For external use only.

**Applications:** Anti-aging formulas, sun care and after-sun care products, makeup, and hair care products.

**Solubility:** Water-soluble

**Preservation:** Phenoxyethanol

**Storage:** Store in a closed container, in a dry, light protected area, at room temperature.

**Country of Origin:** USA

**Raw material source:** Camellia sinensis (White Tea), glycerin made of naturally derived oils.

**Manufacture:** Prepared via a cold process to avoid potential loss of effectiveness heat processing can have. Created from organically grown materials which are extracted first with a specified eluant to yield a concentrate. This concentrate is then dissolved in glycerin and water at a concentration of 20 % concentrate and 80% diluents.

**Animal Testing:** Not animal tested
