DAP Tripeptide-33	Water, diaminopropionyl tripeptide-33, caprylyl glycol	Peptide	4.00	4.00	0.14
Hyaluronic Acid Multiplex7	Water, Sodium Hyaluronate	Humectant	5.00	5.00	0.18
Squalane	Squalane	Emollient	2.00	2.00	0.07
AntiMciro Root Blend	Hexylene glycol, caprylyl glycol, Wasabia Japonica (wasabi) root extract, Zingiber Officinale (ginger) root extract, Allium Sativum (garlic) bulb extract	Anti-microbial Agent	1.20	1.20	0.04

Procedure

Phase A: Combine in glass beaker. Hydrate and blend guar well until smooth.

Phase B: Add to phase A, one by one, under good blending (propeller mixer) until uniform.

Properties

Significant photo-defensive effect and helps in protecting DNA damage and premature skin aging. Moisturizing and anti-oxidizing effects with a light texture ideal for oily and normal skin types. Dry skin will benefit using it as a first layer (serum) then applying a nourishing cream after. Light natural scent, soothing and hydrating.
