

Smokey Eye Shadow

(Sample formulation for Mica Black)

Smokey Eye Shadow

Phase A	Weight %	For 10 g / 1.8 oz (by weight)
Mica Black	50 %	5g / 0.2 oz
Magnesium Stearate	5 %	0.5g / 0.02 oz
Mica Spheres	45 %	4.5g / 0.017 oz

Method:

Add Phase A to a clean mixing bowl and blend until uniform.

Properties

Loose Eye Shadow powder, ideal to package into small sifter jars. Color can be intensified by adding a higher percentage of Mica Black, and reducing the amount of Mica Spheres.
