

## Signature Antioxidant Lipstick Base

### Specification Sheet

**Description:** Ready-to-use lipstick base. Just add colors. The finished lipstick has antioxidant and good refatting properties.

**Ingredients:** Ricinus communis (castor) oil, caprylic/capric triglyceride, hydrogenated polyisobutene, isoeicosane, euphorbia cerifera (candelilla) wax, ozokerite wax, stearyl palmitate, copernicia prunifera (carnauba) wax, microcrystalline wax, organic theobroma cacao (cocoa) butter, dl-alpha tocopheryl acetate, dl-alpha tocopherol, L-ascorbyl palmitate

**Purity Grade:** No purity grade applicable

**Appearance:** Yellowish smooth paste, faint odor

#### Benefits:

- Lipstick base has excellent antioxidant activity
- Offers very good refatting properties. Can be used for dry lips.
- Considerably smudge proof
- Doesn't contain titanium dioxide to give a more vibrant, true-to-color finish
- Customize by adding colorants D&C colors in liquid form and micas
- Contains antioxidants Vitamin E & C
- Softening properties due to Cocoa Butter
- 100% vegan

**Applications:** For making lipsticks, lip balms (as sticks or pastes), solid lip gloss sticks. 3.5oz/100g of the base gives about 17-22 lipsticks (one lipstick weighs ca. 4grams)

**Preservation:** Vitamin E acetate, vitamin E tocopherol (antioxidants)

**Storage:** Store in a closed container at a dry place at room temperature

**Country of Origin:** USA

**Animal Testing:** Not animal tested

**Vegan:** Does not contain animal-derived components

**HS Code:** 3304100000
