

Meadowfoam Seed Oil

Specification Sheet

Description: Vegetable derived lipids & sterols from meadowfoam seed oil (limnanthes alba)

CAS: 153065-40-8

INCI Name: Limnanthes Alba (Meadowfoam) Seed Oil

Composition: Limnanthes Alba (Meadowfoam) Seed Oil

Appearance: Clear yellow liquid, no odor

Benefits:

- Excellent moisturizer in emulsion-based products due to high water absorption ability (4 times that of lanolin alone, twice that of the typical mineral oil-lanolin-alcohol blend)
- Extremely high oxidative stability making it one of the most stable plant oils.
- Gives non-greasy feel.
- Good pigment wetting properties in color cosmetics.

Use: Can be added to formulas as is, add to the fat phase. Use level 1 - 100% in skin care products (can be used pure, e.g. as massage oil). For external use only.

Applications: Creams, lotions, protecting creams, ointments, bath oils, makeup & sun care products, personal & baby care products.

Solubility: Oil-Soluble

Preservation: Preservative-free

Storage: Store light-protected at a cool and dry place.

Country of Origin: USA and Chile

Raw material source: Meadowfoam seeds

Manufacture: Expeller-pressed from the seeds of meadowfoam plant (Limnanthes alba)

Animal Testing: Not animal tested.
