

Signature Matte Liquid Lipstick Base No. 2

Specification Sheet

Description: Ready-to-use lipstick base with enhanced moisturizing properties, but still dries to a matte finish. It's a soft paste that has a satiny feel when applied. Considerably smudge proof. It doesn't have titanium dioxide to give a more vibrant, true-to-color finish. Customize by adding colorants d&C reds in liquid form and micas. 100% vegan.

Ingredients: Isododecane (and) disteardimonium hectorite (and) propylene carbonate, isododecane (and) polymethylsilsesquioxane / trimethylsiloxysilicate, silica, magnesium stearate, dimethicone (and) polysilicone-11, organic simmondsia chinensis (jojoba) seed oil, dl-alpha tocopherol

Benefits:

- More moisturizing and sheer than the MLLB No.1
- Soft paste that has a satiny feel when applied
- Considerably smudge proof
- Doesn't contain titanium dioxide to give a more vibrant, true-to-color finish
- Customize by adding colorants D&C colors in liquid form and micas
- 100% vegan.

Use: Stir well before use. Mix with our liquid red colorants, add colored mica for variation, blend well & transfer to vials using a syringe. Depending on pigment type add up to 15% of colors. For external use only. Yield: 3.5oz/100g of the base gives about 17-22 lipstick vials.

Applications: Liquid Lipsticks.

Preservation: Vitamin E tocopherol (antioxidant)

Storage: Store in a closed container at a dry place at room temperature

Country of Origin: USA

Animal Testing: Not animal tested

Vegan: Does not contain animal-derived components

HS Code: 3304100000
